Nigde, located in the middle of Anatolia, has a very favorable position in terms of transportation.

A part of Cappadocia region, Nigde with a history of 10 thousand years is the place where the nature and history meet in harmony. Nigde is an important touristic attraction with its Roman Pool, Gumusler Monastery, Kemerhisar Tyana Antique Aqueducts, Kavlakeipepe Underground City, Early-Period Christian architecture, historical artifacts inherited from the Seljuks and other civilizations. Demirkazik Mountain is globally known in mountaineering and climbing, Aladaglar National Park, Bolkarlar Mountain, and Ciftehan Thermal Springs are other natural beauties.

Nigde has become a university town with the establishment of Ömer Halisdemir University in 1992. Nigde is a quite charming city for university students, since living there is economic, accommodation opportunities are sufficient, crime rate is low, the city has a calm and sound social structure, inhabitants are friendly and make things easier for students in every aspect.
ÖMER HALİSDEMİR UNIVERSITY

- Ömer Halisdemir University has a student-oriented education perspective which aims at equipping students with quality education and preparing them for business life.
- Ömer Halisdemir University has modern laboratories equipped with the state of art technological equipment which respond all kinds of needs of students, ateliers for various vocational training in different fields, and technology classrooms; and offers an education and training environment in compliance with the international standards to its students,
- Ömer Halisdemir University offers academic programs and education and training strategies determined and developed in a way that will meet the requirements of our era and business life.
- Academic Staff of Ömer Halisdemir University are experienced in international scientific research; can easily establish a close communication with students; improve themselves and are productive and dynamic,
- Ömer Halisdemir University is a respectable, internationally recognized university which has competitive power in the field of science and technology at international level, and acts both as a partner and as a coordinator in various international projects,
- Ömer Halisdemir University is one of the most important universities in our country regarding scientific research activities,

- Students have the opportunity to work directly in the scientific researches, studies and projects conducted by the academic staff and are encouraged and supported to prepare student projects,
TRANSPORTATION & ACCOMODATION SERVICES

- A considerable part of accommodation services for Ömer Halisdemir University students is provided by means of state-owned student dormitories. There are also private student dormitories providing accommodation services.

- In order to make a contribution to the fulfilment of accommodation needs of students, Ömer Halisdemir University built a campus named “Ömer Halisdemir University Student’s Town” which consists of students’ houses where 150 students may accommodate. There are 3 rooms and 1 living room in each of the houses. Students residing in these houses are provided with a refrigerator, washing machine, television, satellite receiver system, study tables, cupboards, bookshelves, free internet access, breakfast, free transportation facilities, and dinner service on request.

- Ayhan Sahenk Student Dormitory providing approximately 200 students with accommodation facility is located at Ömer Halisdemir University Main Campus.

- Since renting flats is economic in Nigde, significant number of the students rent flats or houses.

- As Ömer Halisdemir University campus is located very close to the city center and most of the dormitories are located within the university campus, transportation is carried out without any problem. Fast and economical transportation is available throughout the city.
Food service is regularly provided to the students and staff at cafeterias in the campus.

At our university, food services are provided under dietician control, and all kinds of hygiene rules are followed meticulously in each step from cooking to serving.

The food menu include 4 courses. Monthly menus are prepared by a dietician, who takes into consideration the features of the student group, in accordance with the principles of adequate and balanced nutrition in order to meet the energy needs of students.

Sabiha Sahenk Central Library of Ömer Halisdemir University is one of the most equipped libraries among Turkish university libraries.

The library offers service to users with more than 41 thousand printed books, 123 thousand e-books and 64 thousand e-journals within electronic data bases.

Besides large and spacious reading rooms, cafeteria, exhibition hall, conference room, and multimedia room are also available in Sabiha Sahenk Library of Ömer Halisdemir University where wireless internet access is provided on every floor.

There are facilities for the students desiring to work individually and as a group. Group study rooms and individual study rooms are available.
Ömer Halisdemir University attaches great importance to cultural and social activities with an eye to creating an opportunity for students to improve themselves not only in scientific studies but also in social, cultural, and sports fields.

Ömer Halisdemir University’s Center for Culture and Congress built in accordance with international standards consists of multi-purpose main hall, 2 conference halls, 2 seminary halls.

In addition to aforementioned halls, Ömer Halisdemir University’s Center for Culture and Congress consists of rooms for working in the field of music and folklore, off stages for artists, VIP lounge and foyer area suitable for any kind of exhibition.

Students are given opportunities for their participation in social activities, improving their individual and social skills, and taking part in the sports activities in their personal fields of interest.

There are sports areas in all education units for sports activities of our students, and these areas are free of charge for our students.

Whenever the students like they can do their sports activities. A football stadium, 6 pitches covered with natural turf and an olympic-sized athletics track along with dressing rooms, shower cabins and cafeteria; 2 multi-purpose outdoor sports facilities convenient for football (futsal), basketball, volleyball, and handball and 4 tennis courts are available. Besides, there are 4 indoor sports facilities and a well-equipped fitness center.
