Department of Geological Engineering

Dear Sir,

CERTIFICATE OF AWARD AS BEST ORAL PRESENTER

I write to inform you that I attended the just-ended 9th International Symposium on Eastern Mediterranean Geology that was held in Antalya between 7-11 May, 2018 as a postgraduate student of our department and a research fellow of TÜBİTAK.

Shortly after the symposium, my presentation titled: "EVOLUTION OF THE PRECAMBRIAN BASEMENT ROCKS OF THE BENIN-NIGERIAN SHIELD IN THE CONTEXT OF THE PAN-AFRICAN AND BRASILIANO BELTS" was awarded as the best oral presentation. Attached is a copy of the certificate of award and some photographs during the symposium.

Sincerely,

Emmanuel Daanoba SUNKARI
