3 NOLU FAALİYET VE KANITLARI:

Faaliyetin Yapıldığı Birim	Kazak Kültürü ve Eğitimi Uygulama ve Araştırma Merkezi
Bölüm/Alt Birim	
Gerçekleştirilen Faaliyet Adı	Kamu-Üniversite-Sanayi işbirliği sayısını artırmaya yönelik projeler yapmak
Faaliyet Dönemi	2023 Mart

Üniversitemizin Kazak Kültürü ve Eğitimi Uygulama ve Araştırma Merkezi tarafından 2019 yılından beri düzenlenmesine destek sağlanan ve İşbirliği yaptığımız Türk Dünyasından Üniversiteler ile organize edilen “Türk Dünyası Fen Bilimleri ve Mühendislik Kongresi (TURK-COSE)”, bu dönem yapılan işbirliği ile **Azerbaycan Teknik Üniversitesi (AZTU)**’nun da katılımı sağlanmıştır.

**The M.O.U. Agreement on Organizing TURK-COSE
"International Turkic World Science and Engineering Sciences Congress"**

Among

**Niğde Ömer Halisdemir University (NOHU)
(Niğde, Türkiye)**

**Kyrgyzstan-Turkey Manas University (KTMU)
(Bishkek, Republic of Kyrgyzstan)**

And

**Azerbaijan Technical University (AzTU)
Baku, Republic of Azerbaijan**

The purpose of this Memorandum of Understanding is to organize and realize "International Turkic World Congress on Science and Engineering" (hereinafter referred to as TURK-COSE), scheduled to be organized on a regular basis in the future without a hitch in coordination and partnership with, Niğde Ömer Halisdemir University (hereinafter referred to as NOHU), Niğde, Türkiye, Kyrgyzstan-Turkish Manas University (hereinafter referred to as KTMU), Bishkek, Republic of Kyrgyzstan and Azerbaijan Technical University (hereinafter referred to as AzTU), Baku, Republic of Azerbaijan to determine the implementation articles of organization the TURK-COSE Congress.

For this purpose, the first of the TURK-COSE Congress in the name of UTUFEM hosted by NOHU and the others are organized as in the following table:

<i>Congress</i>	<i>Host University</i>	<i>Distribution of Participants</i>
I. International Turkic World Congress on Science and Engineering (TURK-COSE)	Niğde Ömer Halisdemir University, Niğde, Turkey (17-18 June 2019)	225 papers from 8 different countries
II. International Turkic World Congress on Science and Engineering (TURK-COSE)	L.N. Gumilyov Eurasian National University, Nur Sultan, Kazakhstan (14-15 November 2020) (Online)	107 papers from 12 different countries
III. International Turkic World Congress on Science and Engineering (TURK-COSE)	Niğde Ömer Halisdemir University, Niğde, Turkey (14-15 June 2021)- Online	209 papers from 20 different countries
IV. International Turkic World Congress on Science and Engineering (TURK-COSE)	Niğde Ömer Halisdemir University, Niğde, Türkiye (23-24 June 2022) - Online	278 papers from 29 different countries

The partner institutions Eurasian National University (hereinafter referred to as ENU), Kazakhstan has left from being the partner of Congress. KTMU as a higher education institution which participated as a partner

KU.

on 25.02.2021, has been a partner of TURK-COSE Congress since then. AzTU, as a higher education institution, has decided to participate as a partner of Congress on 04 January 2023. From now on, NOHU, KTMU and AzTU higher education institutions have agreed to organize "International Turkic World Congress on Science and Engineering- TURK-COSE" on the basis of equality and reciprocity principles and they have reached a consensus on the following articles;

1. The organizers and realizers of the TURK-COSE Congress subject to this protocol are the three aforementioned partner universities. However, in the years to come, universities of the Turkic World States and Communities may participate in this cooperation with the approval of the above-mentioned three universities: NOHU, KTMU and AzTU higher education institutions. Within the participation of a new partner university from the three countries mentioned above, the approval is required by the mentioned universities.
2. The Congress is ensured to be organized regularly, without a hitch, and the Rectors of aforementioned regulatory universities who are the primarily responsible will be the Honorary Board Members of the Congress
The Executive Committee will be formed by co-presidency of 1 (one) Vice Rector authorized by the Rectors of the Regulatory Universities. In the formation of the Executive Committee, the representatives of the academic members from different fields of science and engineering sciences will be noticed during the assignment and the Executive Committee proposed by each rector will be composed of 4 (four) faculty members. The Co-Chairman is appointed as one (1) academic staff among the members of the Congress Executive Committee and the Congress Co-Chairman is also responsible for congress communication affairs and proposing a member(s) to the Scientific Committee for the evaluation of the papers sent to TURK-COSE on behalf of the partner university. The rector of the university in the country where the Congress will be held assigns Local Organizing Committee composed of at least five (5) and at most ten (10) faculty members in order to meet the Congress attendants, to make the local organizations and arrangement and to prepare the Congress programs and the Local Organization Committee is supposed to work in coordination with the Executive Committee. These boards can be updated or completely changed by the Rectors of the Regulatory Universities every year following the completion of the Congress.
3. Research Application and Center on Culture and Education of Kazakhstan in NOHU is responsible for the preparation and management of TURK-COSE's website.
4. The maximum amount of attention will be paid to the fact that the Congress is going to be held at the different university in the Turkic World Countries / Communities every year. Partner universities' care will be taken not to hold the Congress twice in a row in the same country. Cooperating universities will be sensitive to this issue and will carry out the necessary work together.
5. The Executive Committee will make a decision on when and where the Congress is to be held on condition that the approval of the Rectors of regulatory universities is taken.
6. The common language of the Congress will be in English language and Turkic Dialects.

AZU.

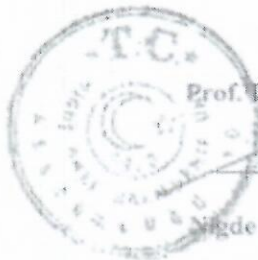

7. The main theme and sub-themes of the Congress, as well as the keynote and invited speakers, will be determined by the Executive Committee of Congress.
8. All Committees and Boards which are not envisaged here associated with the Congress will be determined by the Executive Committee of the Congress to cover all regulatory parties.
9. In all the Committees and Boards of Congress, planned to organize regularly, all parties will be represented equally.
10. The materials of the Congress such as: bags, posters, leaflets book, dinner events, airport transfers expenses will be covered by the host University within the possibilities of the budget. However, other partner universities may still contribute to the host university to the extent possible if wished.
11. The protocol shall consist of 11 (eleven) articles and shall enter into force from the date of signature by the representatives of the Regulatory Universities.
