### **Exams:**

Midterm and final exams are held on the dates, places and times determined and announced by the university. The final grades of the students are given by the lecturers based on the midterm exam, homework evaluation, final exam results and also taking into account the attendance requirement of the students.

### **Evaluation:**

The success of a student is evaluated by the instructor for each assessment (in-term and final) defined for each course. The assessment is based on 100 full points.

A student who gets AA, BA, BB, CB and S (Successful) from a course is considered successful. Students' success status; Semester academic average and general academic averages are calculated over 4.00 and announced at the end of each semester. The multiplication of the coefficient of the credit of a course and the success grade obtained from that course gives the weighted score of that course. The academic average of the semester is calculated by dividing the sum of the weighted points of the courses in that semester by the total credits of the courses. Annual courses are included in the spring semester academic average. The general academic average is calculated by dividing the total of the weighted points to be calculated on the basis of the grades taken from all the courses the student has to take during the period of study by the total credits of the courses taken (240 ECTS for those applying to the program with a Master's degree and 300 ECTS for those applying with a bachelor's degree). Course grades and coefficients are determined as follows:

Note	Letter grade	Coefficient
90-100	AA	4.00
85-89	BA	3.50
80-84	BB	3.00
75-79	CB	2.50
70-74	CC	2.00
65-69	DC	1.50
60-64	DD	1.00
50-59	FD	0.50
0-49	FF	0.00

For detailed information, please visit the "Grade Evaluation" section.
