Evaluation:

A student's success is assessed by the teaching staff for each assessment (in-term studies and final) defined for each course. The assessment is based on 100 full points.

A student who receives one of the grades AA, BA, BB, CB and S (Successful) grades is deemed to have completed that course. Success of students; The semester academic average and general academic average are determined by calculating 4.00 and announced at the end of each semester. The multiplication of the credit of a course with the coefficient of that grade of success grade gives the weighted grade of that course. The semester academic average is calculated by dividing the total of the weighted points of the courses taken in that semester in the course plan by the sum of the credits of the courses. Annual courses are included in the spring semester average. The overall academic average is calculated by dividing the total of the weighted points calculated on the basis of the success grades obtained from all the courses that the student has to take within the learning period by the total credit amount of the courses taken (120 ECTS). Course grades and coefficients are determined as follows:

<u>Not e</u>	<u>Letter notation</u>	<u>coefficient</u>
